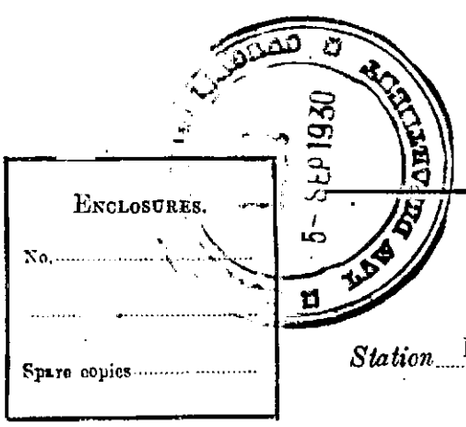
Municipal High School, Bellary-increased subsidy for maintenance.



R.O.C. No. 326 G/30

Station Madras, *Dated the* 2nd September 1930 19

From (Name) W.E. Smith Esq, M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madra

Law (Education) Department.

Sir,

In submitting herewith letter Sc. No. 361/29 dated 17-12-1929 from the Chairman, Municipal Council, Bellary, addressed to Government, I have the honour to state as follows:

2. The Municipal High School, Bellary, is one of the old net cost schools. The Municipal Council is in receipt of a subsidy of Rs. 3,550/- for the maintenance of the school as fixed in G.O.No. 270 Law (Education) dated 19-2-1926. This together with the subsidy of Rs. 750/- for the manual training class represents the existing subsidy paid to the Municipal Council for the maintenance of the high school.

3. The Chairman, Municipal Council, in his letter addressed

to Government points out the financial responsibility devolved upon the Municiapl Council on the maintenance of the school, and requests that the subsidy may be revised. In his letter R.Sc. No. 361/29 dated 15-5-1930 addressed to me (copy enclosed), he requests the payment of increased subsidies on account of three causes and these are examined below

4. Regarding the first request, viz., subsidy on account of Provident fund bonus, it is submitted that the existing subsidy represents also the contributions on account of Provident fund according to the sanctioned scales of pay and that it is the duty of the Municipal Council to pay the Provident fund contribution.

As regards the second request regarding the payment of a subsidy of Rs. 232/- per month in order to give increments to the staff, it is submitted that once time scales of pay are sanctioned it is the duty of the management to pay increments.

The request for the payment of a subsidy of Rs. 2,241/- towards gratuity to the retired Headmaster Mr. A. Bhimacharlu, is not supported as this will create a precedent for other local bodies to make similar requests.

It is submitted in this connection that all three requests if sanctioned would set up very inconvenient precedents.

5. In para 2 of G.O.No. 2001 L & M dated 30-5-1927, the Municipal Council has been given hopes of increased subsidies consequent on the revision of the pay of the staff. An amount of Rs.1,500/- being one half of the extra cost will be taken into account in determining the subsidy payable to the Municipal Council from the current year.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction

Letter from the Chairman, Municipal Council, Bellary, to the Director of Public Instruction, Madras, R Sc 361/29 dated 15th May 1930.

Ref:- Director of Public Instruction's R.C.No. 326 G/30 dated 25th March 1930.

The scales of salaries of the High school establishment were revised in C R No. 36 dated 21-9-1926 and were ordered to be brought into force from 1-4-1927 in C R No. 31 dated 23-3-1927. Ever since from that time the teachers are drawing the revised scales of salaries The revised scale has been noted in Column 2 of the establishment schedule enclosed herewith.

As required in the above communication, financial statements for the years 1927-28 to 1929-30 in the forms prescribed in the Tabular Inspection Report, are prepared and submitted herewith. For want of funds, the annual increments due on 1-4-1929 and 1-4-1930 to the High School staff has not been paid, as the Council did not find money to pay these increments in addition to the extra cost it is bearing by starving other services. In the statement enclosed (i.e. establishment schedule, the pay drawn at present, amount covered by increments withheld, and the pay, the staff would have drawn if increments had not been stopped are all noted for your information. A sum of Rs. 1,545-3-4 being the contribution to be paid on account of provident fund for 1929-30, has also not been paid for want of funds. The Bonus due to other servants of the Council except the Elementary school teachers, has not been adjusted for the current yea for the same reason. I therefore request you to kindly include the amount of bonus of Rs. 1,545-3-4 and the increment amount of Rs.232/- per month while revising the net cost subsidy to the actual net cost as arrived at in the ~~fixxxxxxxxx~~ financial statement. During the current year Mr. A. Bhimacharlu, the Headmaster, Municipal High School, has retired from service and he has to be paid Rs.2,241/- as gratuity under G.O.No. 4309 L & M dated 26-19-1928. This amount also may be included in the net cost amount to be paid. As the

Council is very much hard pressed for finances, I request you to kindly take very early steps and see that the Council is relieved of the burden of paying from its funds any amounts towards the maintenance of the High School.

Through the Director of Public Instruction, Madras

The District Educational Officer, Bellary.

Sir,

J

The Government in para 6 of the G.O.No. 270 dated 19/2/26 have stated that the lump grants towards the net cost of the Secondary school would be revised every three years - - taking into consideration any reasonable expenditure in fixing the subsidy at the time of revision.

The salaries of the High School establishment was revised in the year 1927-28 by the Council involving an additional expensiture of Rs 3,000/-. The Government was therefore addressed in this office letter No. Dis. 424 dated 11/4/29 to revise the subsidy payable to this Municipality to Rs 12500/- the municipality being unable to meet the excess expenditure on account of revision out of its funds. The Government in - -

reply

6/

(b) reply have referred the Council to para 2 of G.O.No. 2001 L & M. dated 30/5/27 which states that the expenditure entailed by the increased salaries will be taken up when the subsidies are next revised in 1928-29 in determining the subsidy payable for the ~~Hoggh~~ High School.

The Government have not been pleased to revise the subsidy in the year 1928-29 as promised or in the following year. During the last 3 years the extra cost to the Municipality by the revision of the salaries of the High School staff was met out of Municipal funds and this year as the municipality has been working with a defici balance the increments due to the teachers of the Municipal High School had to be stopped for want of funds. The net cost of the school for the past 3 years is shown in the margin; while the subsidy sanctioned by the Government was only Rs 8550/-. The excess expenditure had to be met out of municipal funds. Thus it will be seen that large sums of money are being spent for the last 3 years out of municipal funds for the upkeep of the Municipal High School when the Municipality has not been able to find funds for the improvement of the Roads and some other services.

	Net cost	- Subsidy	- Amount met out of Municipal fund.
1926-27	Rs 11635/-	Rs8550/-	Rs 3085/-
1927-28	15085/-	8550/-	6535/-
1928-29	16564/-	8550/-	8014/-

Under the circumstances it is quite essential that the subsidy towards the net cost of the Municipal High School, Bellary requires immediate revision by Government. If this cannot be done this year it is requested that the Government will be pleased to revise the same at least next year.

Note. The D. P. I. proposes an addl subsidy of Rs. 150/- may

may be paid to the Council towards the cost of the revision of the pay of the staff. See G.O. 1157 Edn. 8/12-6-30 (X) the Govt have decided to allow an increase of 5% over the existing subsidy from 1930-31 and that this should suffice for all purposes. No addl amount is therefore payable to the Council.

CPA 15-9-30 The hopes held out to the M.L.C.L. Bellary to 8/x 16-9-30 which the D.P. refers were simply that the extra cost would be taken into consideration in the triennial Recon. in 1928-29. But there was no such revision & the system was abandoned in favour of a lump sum subsidy = existg subsidy + 5% which was intended to ~~meet the~~ ex go towards the extra charges due to the expansion of schools under this G.O. 1157 there is no provision for the increase of subsidy for boys which may be vetoed. AS 17/9.

I am afraid there can be no revision now; and as the increase is (X) optional it may be vetoed 18/ix
